of Phlebology**

9<sup>th</sup>  
International Master Course  
in Phlebology

Aesthetic aspects in Treatment of Venous Diseases  
for Phlebologists, Dermatologists, Surgeons and Vascular Surgeons

Riga, May 23-24, 2014

Dear colleagues and friends,

on behalf of the Baltic Society of Phlebology, I have the honour to welcome you in Riga for the 9<sup>th</sup> International Master Course of Phlebology. The theme of this event is - “Aesthetic aspects in Treatment of Venous Diseases”.

The aesthetic results play a key role in the treatment of venous diseases. Therefore this workshop will be devoted to a combination of different technologies and methods, covering hot topics from foam sclerotherapy and endovenous ablation, to miniphlebectomy and mini-surgical therapy concept according Várady, to achieve the best possible aesthetic results.

We are honoured and excited to welcome Professor **Zoltan Varady** (Germany) - the inventor of miniphlebectomy method in treatment of varicose veins, who will take part in this course. More than 50 years ago Professor Varady has developed his method of treatment for varicose veins that does not leave scars. Each event participant will have the unique opportunity to learn from him.

I would also like to point out that **Attilio Cavezzi** (Italy), Vice-President of the International Union of Phlebology, is joining us as well. In the recent years he has carried out extensive scientific research in the field of sclerotherapy. He is also the author of numerous publications on the topic of sclerotherapy. Thus it is my greatest pleasure that he is participating in this master course.

This two-day workshop is designed for the phlebologists, dermatologists, surgeons and vascular surgeons interested in treatment of venous diseases.

This is an opportunity to learn the most accurate and up-to-date techniques in treatment of venous diseases from the world leading physicians in vein care.

Two-days workshop includes the latest techniques of sclerotherapy, laser ablation, laser therapy of skin veins and miniphlebectomy, as well as “tips and tricks” to treat vein problems successfully.

The emphasis will be on smaller number of participants and more opportunities for questions and discussions.

I am looking forward to seeing you all during the 9<sup>th</sup> International Master Course in Phlebology and welcoming you in Riga.

A handwritten signature in blue ink, reading "U. Maurins". The signature is fluid and cursive, with a large initial "U" and a long, sweeping tail.

Uldis Maurins MD, PhD

# 9<sup>th</sup> International Master Course in Phlebology

Aesthetic aspects in Treatment of Venous Diseases  
for Phlebologists, Dermatologists, Surgeons and Vascular Surgeons

Day 1 (Friday, May 23, 2014)

15:30	Registration
16:00-16:05	Welcome of the participants
16:05-16:25	Clinical investigation and duplex ultrasound before and after treatment: how and why? <b>Sandra Prave</b> , Latvia
16:25-16:45	Endovenous laser ablation of superficial veins. <b>Arnolds Kadiss</b> , Latvia
16:45-17:05	Laser treatment of facial telangiectasia. <b>Kristine Rozniece</b> , Latvia
17:05-17:40	Coffee break
17:40-18:00	Mini-surgical therapy concept, Miniphlebectomy acc. Várady. <b>Zoltan Varady</b> , Germany
18:00-18:20	Visual microsclerotherapy of spider and reticular veins. <b>Sandra Prave</b> , Latvia
18:20-18:40	Combining modern vein care and aesthetics. <b>Uldis Maurins</b> , Latvia
18:40-19:00	Questions and answers
20:00	Dinner

Day 2 (Saturday, May 24, 2013)

9:00-9:20	How do I perform sclerotherapy of spider and reticular veins? <b>Attilio Cavezzi</b> , Italy
9:20-9:40	How do I perform laser therapy of skin telangiectasia? <b>Kristine Rozniece</b> , Latvia
9:40-10:00	How do I perform miniphlebectomy of tributaries and perforating veins? <b>Uldis Maurins</b> , Latvia
10:00-10:30	Coffee break
10:30-10:50	How do I perform surgery in combination with sclerotherapy of spider and reticular veins acc. Várady. <b>Zoltan Varady</b> , Germany
10:50-11:10	How do I perform laser ablation of GSV, SSV and tributaries? <b>Juris Rits</b> , Latvia
11:10-11:30	How to prevent complications during treatment of varicose and telangiectatic veins. <b>Attilio Cavezzi</b> , Italy
11:30-12:00	Questions and answers
12:00-13:00	Lunch break
13:30-16:30	Practical demonstrations in rotating groups (each group of 8-12 doctors)

*Group 1. Microsclerotherapy of spider and reticular veins. **Attilio Cavezzi**, Italy*

*Group 2. Microsclerotherapy of spider and reticular veins. **Sandra Prave**, Latvia*

*Group 3. Microsclerotherapy and surgery of spider and reticular veins acc. Várady. **Zoltan Varady**, Germany*

*Group 4. Miniphlebectomy of tributaries and perforating veins. **Uldis Maurins**, Latvia*

*Group 5. Laser ablation of GSV, SSV and tributaries. **Juris Rits**, Latvia*

*Group 6. Laser therapy of skin veins. **Kristine Rozniece**, Latvia*

16:30	Final questions and answers
-------	-----------------------------

Upon completion of the course each participant will receive an official certification of attendance.
